**Re:** Pediatric Intubation

---

At the REMAC meeting on May 21, 2007 it was decided to amend the new protocols, specifically regarding Pediatric Intubations by BLS.

Under the Pediatric Cardiac Life Support section, there was reference to intubation by ILS. That portion has been amended to exclude ILS providers from intubating pediatric patients.

The new version has been posted on the website. If you have any questions, please contact OPC at 463-2900 or at [OPC@urmc.rochester.edu](mailto:OPC@urmc.rochester.edu).
