**Re: Advisory 11-07: ALS Preceptor Policy**

---

At their February 21<sup>st</sup> meeting, the REMAC approved an updated Preceptor Policy. All ALS Chiefs should review the policy which is attached and also available [here](#).

To nominate a provider for preceptor status, the Preceptor Recommendation Form must be used. The form is available [here](#). Incomplete forms will be returned.

Agencies wishing to submit nominations for preceptors who do not meet the three year active practice requirement should be sure to include in their nomination letter the reasons and qualifications for the REMAC QA Committee to consider when reviewing the request. Such information should include prior teaching experience, experience certified or licensed in providing emergency care in other settings (other regions, hospitals, etc), and any other experience that clearly defines the candidate preceptor's outstanding qualifications to allow the REMAC QA Committee to waive the three year active practice experience requirement.

With any questions, please do not hesitate to contact the Regional Program Agency.
