Re: Advisory 14-06: CME Recertification Policy

The Monroe Livingston REMAC endorses the attached [Continuing Medical Education Based Recertification Policy](#) as a best practice template that is highly encouraged for use by all agencies in the Monroe-Livingston Region. This document meets or exceeds all requirements set forth in the New York State Department of Health Bureau of EMS Recertification Administrative Manual 4/2013 and has been reviewed by the Bureau of EMS for compliance.

A Word version of this policy, along with the supporting forms (listed below) is available for download [here](#):

- Sponsored Continuing Education Verification Form
- Outside Agency Sponsored Continuing Education Verification Form
- Self-Study Continuing Education Verification Form
- Memorandum of Understanding

As these templates are designed for both ALS and BLS CME Recertification programs, they may require specific modifications and should be modified as such under the guidance of the agency Medical Director.
