Erbland, Ed												
Present			Absent with notification					Absent				

1. Course Sponsor Meeting - CIU and CLI Original classes

- a. There was a meeting today with stakeholders of course sponsors regarding the Policy Statement 19-01 put out by BEMS codifying their changes to the certification and recertification process for CLIs and CICs. MLREMS and DPM are trying to support course sponsors to meet their needs when it comes to certified instructors while working within the financial and administrative realities created by the state. Over the next few months, Training & Ed along with DPM staff will work with course sponsors on the following plan (after input at the meeting from the course sponsors):
 - i. Compile a list of existing training that course sponsors feel should meet the criteria for the “5 hour” portion of the required 8 hours of CME within a recertification cycle (three years). Eric will send a letter to the state with the courses seeking pre-approval for them to count towards these hours so instructors know taking these courses will fulfill the requirements.
 - ii. Ben and the MLREMS Treasurer will determine the necessary charge per student for attendance at CIU and CLI original classes, after state reimbursement, so MLREMS isn’t losing money by sponsoring these trainings. A request will be made to the Council to include these costs in an updated fee schedule.
 - iii. Plan for a CLI original every other year and a CIU (3 hours) annually.
 - iv. Eric and T&E will work with course sponsors, regional faculty, and Dr. Dorsett to determine gaps in education and important topics for inclusion in annual CIUs and develop a curriculum for a three year cycle of three CIUs.
 - v. Once these tasks are complete, and necessary approvals are secured through T&E and MLREMS Council, an advisory will go out with the changes.
 - vi. Karen suggested the states advisory be publicized regionally so instructors are aware of the recertification changes along with the fact that CLIs and CICs are no longer receiving notification from the state when their card is nearing expiration.

2. Training Officer List Serve

- a. Ed seeks an updated regional training officers list serve. We will pull the current distribution list and attempt to update it as a committee.

3. Communication for the Deaf Community

MLREMS Training and Education Committee

- a. Training is currently in Cypherworx and available to regional providers. If you are going to take the course and complete the RedCap survey for inclusion in the research study, please have RedCap results in by 8/15 since the survey will close. The training will remain available after that date. Providers who take the training are not required to complete the survey but encouraged to do so if taken prior to 8/15.

Upcoming meetings:

All meetings are hybrid (live at the Division of Prehospital Medicine office and online via the contact information provided in the email at 3:00PM)
